LexisNexis® ProviderLookup®

**Quick and easy access to the most correct, current and comprehensive provider information.**

Get access to the richest, most reliable source of health care provider information available. Right now.

Looking for complete and trusted information about a Provider? Your life just got a lot easier. Find it fast with LexisNexis® ProviderLookup®, our Web-based, real-time provider information search service. Our easy-to-use, powerful Web search engine lets you query the LexisNexis Master Provider Referential Database (MPRD™) to view the most correct, current and comprehensive profile available for each health care provider.

Get more done. Faster and easier. With ProviderLookup.

Government agencies are strapped for time and resources so having access to current and comprehensive provider information at your fingertips is key to driving efficiency across Medicare and Medicaid programs. Give your staff one source of information and shave time from your research. Whether you're researching new providers, helping claim/service operations, or assisting with credentialing and provider maintenance, ProviderLookup is invaluable.

Search your way. ProviderLookup's easy interface enables you to enter the data you have to discover a wealth of information on any provider. Clear, concise results appear immediately.

LexisNexis® | Health Care

Provider information you can trust.

In each ProviderLookup search, you can find detailed, accurate and up-to-date demographic data for every provider, including:

- Provider status (e.g., deceased or retired)
- Company names and locations (including address, phone, fax and verification dates for that location)
- Group and hospital affiliations
- License number, state, type, status and end date
- DEA number, Business Activity Indicator and expiration or deactivation date
- Medical school and graduation year
- CMS specialty code
- Taxonomies (including Primary Indicator)
- Sanctions
- NPPES Health Care Provider Data (including NPI number and deactivation date)

Discover the power of the most comprehensive provider database

Over 160 million data records from more than 1,000 verified sources are run through our proprietary AcuSync® algorithms that allow us to create detailed, accurate, and timely information on over 6.5 million providers. It's all at your fingertips via our fast, easy-to-use website. All you need is a Web browser and an Internet connection to find the information you need on practically any provider, just about anywhere, almost any time.

Find the answers you need in a snap with ProviderLookup's simple interface. You can search using many different variables, including Name, NPI or DEA number to get detailed and validated information about a specific doctor, dentist or other health care provider, or their office or practice.

Powered by LexisNexis, the most trusted source of provider information, ProviderLookup makes searching easy, flexible and reliable.

ProviderLookup. Find the information you need to know about a provider. Right now.
